INDIVIDUAL SERVICE CONTRACT FORECAST
Feasibility study for the rehabilitation of the Lefke mining area
Location – northern part of Cyprus

- 1. Publication reference** EuropeAid/124316/D/SER/CY
- 2. Procedure** Restricted tender
- 3. Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
- 4. Financing** Budget line: 22 02 11
- 5. Contracting Authority** The European Commission
- 6. Nature of contract** Fee-based
- 7. Contract description** The purpose of this contract is to carry out a set of site studies in order to determine the frame conditions for a future rehabilitation of the former Cyprus Mining Corporation (CMC) mining and or processing sites in the Lefke region and to prepare conceptual projects and ToR for each component of the required rehabilitation work.
- 8. Indicative maximum budget** **900.000 EUR**
- 9. Intended timing of publication of the procurement notice** November 2006
- 10. Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definite availability of funds.
- 11. Legal basis** Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

No applications or requests for information should be sent at this stage.

INDIVIDUAL SERVICE CONTRACT FORECAST

Capacity building for the local communities of Nicosia and Kyrenia and a joint programme for smaller communities and the Turkish Cypriot association of local communities

Location – northern part of Cyprus

1. **Publication reference** EuropeAid/124317/D/SER/CY
2. **Procedure** Restricted
3. **Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
4. **Financing** Budget line: 22 02 11
5. **Contracting Authority** The European Commission
6. **Nature of contract** Fee-based
7. **Contract description** The purpose of this contract is i.a. to enable local communities:
 - fully comprehend and assume the responsibilities laid out in the EU environmental *acquis*, especially the SWM framework legislation and the landfill directive 1999/31/EC;
 - formulate communal solid waste management strategies and policies;
 - elaborate concrete plans and programmes;
 - integrate public participation in the policy making and planning processes;
 - calculate SWM budgets accurately and completely;
 - co-operate with neighbour local communities and with the Union of Local communities to create synergy effects;
 - implement adequate technology for solid waste recycling, recovery and disposal;
 - realise efficient and continuous public awareness campaigns for waste reduction, re-use and separate collection;
 - determine the number and qualification of personnel they really need to fulfil their tasks and employ staff accordingly.
8. **Indicative maximum budget 850.000 EUR**
9. **Intended timing of publication of the procurement notice** November 2006
10. **Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definite availability of funds.
11. **Legal basis** Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

No applications or requests for information should be sent at this stage.

INDIVIDUAL SERVICE CONTRACT FORECAST

Capacity building for the Environmental Protection Unit (EPU) for the effective implementation and enforcement of key solid waste acquis

Location – northern part of Cyprus

1. **Publication reference** EuropeAid/124318/D/SER/CY
2. **Procedure** Restricted
3. **Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
4. **Financing** Budget line: 22 02 11
5. **Contracting Authority** The European Commission
6. **Nature of contract** Fee-based
7. **Contract description** The purpose of this contract is to enable the EPU to
 - implement solid waste management related legislation;
 - fully understand the EU environmental *acquis* and transpose it subsequently into the TCC;
 - set up an efficient structure for policy making, legislative tasks, monitoring, supervision and enforcement in the SWM area;
 - co-operate and communicate efficiently with other stakeholders in the SWM sector
 - gain in-depth technical knowledge and expertise;
 - pursue a sustainable environmental policy with horizontal integration of SWM into the ecological, economical and social context.
8. **Indicative maximum budget 600.000 EUR**
9. **Intended timing of publication of the procurement notice** November 2006
10. **Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definite availability of funds.
11. **Legal basis**
Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

No applications or requests for information should be sent at this stage.

INDIVIDUAL SERVICE CONTRACT FORECAST
Monitoring of capacity building and awareness projects
Location – northern part of Cyprus

- 1. Publication reference** EuropeAid/124319/D/SER/CY
- 2. Procedure** Restricted
- 3. Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
- 4. Financing** Budget line: 22 02 11
- 5. Contracting Authority** The European Commission
- 6. Nature of contract** Fee-based
- 7. Contract description** The purpose of the contract is to assess the compliance of projects implemented under various components of the "Solid Waste Sector Programme for the Turkish Cypriot Community" with the ToR as well to assess the quality and efficiency of the works to be undertaken.

The external monitoring shall evaluate the inception, progress/ interim and final reports to be submitted by the contractor and assist the Contracting Authority in the implementation of the projects.
- 8. Indicative maximum budget 275.000 EUR**
- 9. Intended timing of publication of the procurement notice** November 2006
- 10. Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definite availability of funds.
- 11. Legal basis** Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

INDIVIDUAL SERVICE CONTRACT FORECAST
Elaboration of a Solid Waste Management Plan/feasibility study
Location – northern part of Cyprus

- 1. Publication reference** EuropeAid/124322/D/SER/CY
- 2. Procedure** Restricted tender.
- 3. Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
- 4. Financing** Budget line: 22 02 11
- 5. Contracting Authority** The European Commission
- 6. Nature of contract** Fee-based
- 7. Contract description** The aim of the feasibility study is to provide exact information about the actual SWM situation in the TCC and to evaluate different approaches for socially, economically and ecologically sustainable solid waste management facilities. The feasibility study should include *inter alia*:
 - Undertaking of a waste inventory, of solid waste generation, characteristics and composition including communal waste, hazardous waste and medical waste etc.
 - Analysing the organisational set-up and the involved operators/stakeholders
 - Assessment of different methods for separate collection at source.
 - Identification of opportunities for waste prevention and minimisation.
 - Assessment of different approaches for recovery and recycling of communal and hazardous waste.
 - Analysis of property rights for recommended waste management sites
- 8. Indicative maximum budget 220.000 EUR**
- 9. Intended timing of publication of the procurement notice** November 2006
- 10. Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definite availability of funds.
- 11. Legal basis** Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

No applications or requests for information should be sent at this stage.

Upgrading the Management of the Energy Sector
"Supervisory Control and Data Acquisition (SCADA) system"
Location – northern part of Cyprus

- 1. Publication reference** EuropeAid/124323/D/SUP/CY
- 2. Procedure** Open
- 3. Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
- 4. Financing** Budget line: 22 02 11
- 5. Contracting authority** The European Commission
- 6. Contract description** Supply, installation and commissioning of a "Supervisory Control and Data Acquisition (SCADA)" system to serve small size electricity distribution network with 21 sub-stations and five power plants; remote metering system with about 25 000 meters with demand management (switching features), GPRS based telecommunication system and appropriate central management station and automatic compensation of reactive power with auxiliary motors of the steam cycle power plant and at low voltage side of 11/0.4kV substations as well as appropriate training of beneficiary personnel. The beneficiary is a small electricity utility with a 250 MW installed generation capacity serving around 130 000 consumers.
- 7. Indicative number and titles of Lots** **Not applicable**
- 8. Intended timing of publication** December 2006
- 9. Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definitive availability of funds.
- 10. Legal basis** Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

No applications or requests for further information should be sent at this stage.

INDIVIDUAL SERVICE CONTRACT FORECAST
Information on the European Union political and legal order
"Setting up of an open access information point on the European Union"
Location - northern part of Cyprus

- 1. Publication reference** EuropeAid/124324/D/SER/CY
- 2. Procedure** Restricted tender
- 3. Programme** Instrument of financial support to encourage the economic development of the Turkish Cypriot community
- 4. Financing** Budget line: 22 02 11
- 5. Contracting Authority** The European Commission
- 6. Nature of contract** Fee-based
- 7. Contract description** Setting up of an open access information point on the European Union in the northern part of Nicosia with the aim to provide a coherent and multi-faceted information product to the Turkish Cypriot community. The information point will be responsible for carrying activities such as production/provisions of tools for multipliers, including info-packs for specific target groups, videos, DVDs, etc, organisations of events, translation of information material on the EU political and legal order into Turkish etc.
- 8. Indicative maximum budget 1.300.000 EUR**
- 9. Intended timing of publication of the procurement notice**
November/December 2006
- 10. Additional information** This Contract Forecast is published under "suspension clause" pending the approval of the Financing Decision and therefore the definite availability of funds.
- 11. Legal basis**
Council Regulation (EC) No 389/2006 of 27/02/2006

Remarks: There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.
